FOREWORD

This is our first yearbook. The purpose of it is to let us remember old friends, teachers, the student body, and the campus. The school year of 1961-62 has truly been wonderful. We hope that in this yearbook there may be many things you did or attended that can only bring forth good memories in your later years.

To those who are leaving the Virginia School for the Deaf and the Blind, may this book be your record of what you did as a senior.

To those who are coming back next year, may this book serve as your record and as your memories of what you did or accomplished this year and inspire you to aim for better years.

To the faculty, those kind and patient teachers who have led us through the hardships of education, may this book be your devoted memory book, too.

To the Virginia School for the Deaf and the Blind itself, may this book be a written record of the students you have taken care of.

It is to all of these that we give this first volume of the WHITE COLUMNS with pride.

TABLE OF CONTENTS

Foreword	2	Athletics	27-30
Campus Shots	3--4	Activities	31-35
Administration	5--10	Seniors Shots	36
Classes	11--26		

This is the entrance of V.S.D.B. On the left stands the superintendent's home. Through this entrance hundreds and hundreds of deaf students have come and gone.

The Lewellyn Gymnasium has a beautiful basketball floor, locker rooms, wrestling room, and other useful rooms. Despite much use, it's kept quite clean.

AROUND THE CAMPUS

Darden Hall is the headquarters of the older deaf boys. They had loads of fun (and a little study).

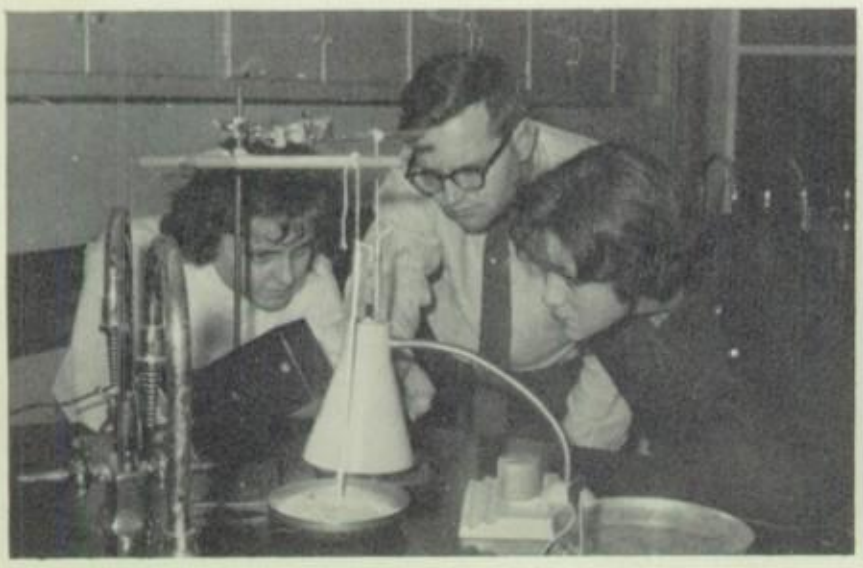
Healy Hall is the newest building. It has classrooms for all. We studied many hours here.

Stuart Hall is a vocational building for metal and woodwork.

This is the front entrance of Byrd Hall where we started our early years.

We ate--three times a day. (And more when we could!)

We came out of Healy three times a day, too--at recess, at lunch, and after school.



Do you see? This experiment in science will teach you something.

Of course, we talked. Hands flew in the air to tell . . . well, lots of things.

That's right--hit it back. Exercise in the open air was for a better body. And it was a pleasant change after a day's classes.

Study--Monday, Tuesday, Wednesday, and Thursday nights, but not Friday. From 7 till 9 we were there. With all that we should have learned lots.

Betty is hard of hearing, cause unknown. She would like to go to college. She entered V.S.D.B. at the age of 7. She is a lot of fun. We enjoy her facial expressions, too. She was chosen a candidate for Miss Teen-Queen of the Lion's Club in 1961. She was maid of honor to the queen during homecoming this year. Her first teacher was Mrs. Black.

Glenda became hard of hearing about 5 years ago, probably through a hereditary tendency, and entered VSDB in 1958. She came back for extra work this year in hopes of entering Gallaudet.
